

Serpentine

by Christophe de la Fontaine

Serpentine takes the challenge of rethinking a modern sofa by incorporating different seating solutions in one fluid object. The alternation of back and leg support mimics the functionality of a classic seat, a pouf, and a chaise longue. Serpentine looks like a conclusive singular, but is actually a system, available in different sizes, constellations, and finishes. The mix of different foam densities is carefully set up to appear robust, yet soft and inviting to enjoy the luscious comfort.

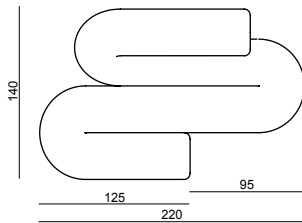

SERPENTINE - CHRISTOPHE DE LA FONTAINE - SOFA

MATERIAL

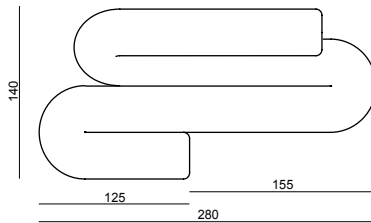

metal structure - foam in various densities - fabric or leather
